PWIG - Update on November Event & Special Treat!! (9-28-23)

Here's your special treat!!

This is a real interesting short video that Chris recorded with Placitas resident Master Gardener, Marc Davidson, showing the difference between planting a potted nursery tree, that tend to have girdled roots from growing in the pot, and planting the second similar tree after performing some root manicuring – washing, trimming, spreading the roots and replanting with fresh soil. Now 18 years later, look at the difference!! Marc used Afghan Pines, Scotch Pines and Arizona Cypress. Enjoy, and thank you, Chris!!

PWIG - Plant World Updates, 2024 Activities & MISC! (9-26-23)

Here are a few pics of today's event... <https://photos.app.goo.gl/LQFpNV61dg313wVb7>

A few (of the MANY!!!) plants I liked were:

Angelina Sedum - <https://store.plantworldinc.com/products/sedum-angelina-gold--1-1865.html>

Beaver Tail Cactus <https://store.plantworldinc.com/products/cactus-prickly-pear-beavertai--5-3920.html>

Karl Foerster Grass (most popular around ABQ) <https://store.plantworldinc.com/products/grass-feather-karl-foerster--5-4255.html>

Crape Myrtles (when named after a Native American tribe, they're cold hardy!!)

<https://store.plantworldinc.com/products/crape-myrtle-zuni--15-4107.html>

Mexican Feather Grass (is great at reseeding) <https://store.plantworldinc.com/products/grass-thread-stipa-tenuissima--5-4373.html>

Giant Yucca <https://store.plantworldinc.com/products/yucca-giant-hesperaloe--15-5097.html>
