

Greetings!

Welcome to the month of love! One day is not enough so let's celebrate grandly.

For me that means working on my actions and reactions to this COVID based reality. It looks like several more months of restrictions but there is finally hope. Let's celebrate that!

What else can we celebrate? Snow (I am grateful for a new-to-us vehicle with 4-wheel drive), Zoom (yes, really, can you imagine the intense isolation without it?), new restaurants (pizza, burritos and BBQ), old restaurants (please continue to support them), our COVID cases going down (can't wait to have the vaccine), limited access to the library (construction continues but delayed due to guess what!), the new Yearbook (Karen Croxton did a fabulous job), the new Yearbook (I actually get to see some of you in person when you pick up yours), longer days (actually they are the same length just more daylight), which brings me to our February program--

Jennifer Hobson from Jericho Nursery will give a presentation on raised bed gardening. She has been with us twice before so I know this will be great. Gardening using raised beds increases the odds of not having your lettuce and tomatoes eaten before you can harvest them. It is also better for your knees!

I look forward to seeing you Wednesday--break out the heart embellished jewelry, T-shirts, sweaters and celebrate the month of love!

Karen

Karen Cox is inviting you to a scheduled Zoom meeting.

Topic: Jardineros February Meeting

Time: Feb 3, 2021 09:30 AM Mountain Time (US and Canada)
